General Guidelines

Authorized Paramedical Companies

The companies listed below are authorized to perform paramedical on behalf of Fidelity & Guaranty Life:

- American Para Professional Systems, Inc. (APPS)
800.727.2101
appslive.com
- ExamOne:
800.768.2071
CSG.4@ExamOne.com
portal.examone.com
- Examination Management Services, Inc (EMSI)
800.530.0560
emsinet.com

Authorized Attending Physician Statement (APS) Retrieval Company

Attending physician statements will only be ordered by the F&G Underwriting department. You may check the status of an ordered APS on SalesLink® or contact the New Business Team.

Authorized Inspection Companies

The companies listed below are authorized to perform inspections and telephone interviews on behalf of Fidelity & Guaranty Life:

- CRL Plus
877.844.5041

Explanation of Underwriting Tools

Blood Tests

ExamOne Laboratory performs the testing. Appointed paramedical services can obtain the venous blood draw. Fasting is recommended but not required.

Home Office Urine Specimen (HOS)

An HOS is required with all medical and paramedical examinations.

Resting Electrocardiogram (EKG)

Appointed paramedical services can obtain EKGs.

Motor Vehicle Reports (MVR)

An MVR may be required and is ordered online by the Underwriting Department.

MIB, Inc. (MIB)

An MIB report may be required and is ordered online by the Underwriting Department. MIB is a not-for-profit corporation whose membership consists of life and health insurance companies in the US and Canada. Its mission is to keep insurance premiums affordable for all consumers by helping the industry root out fraud and prevent anti-selection.

Pharmacy Data Base Check (RX Check)

An RX Check may be required and is ordered online by the Underwriting Department.

Consumer Credit Report (CR Info)

CR Info is a consumer-based credit behavior score provided through TransUnion which tracks specific credit behavior attributes shown to correlate with mortality risk.

Lab Test Histories (Lab Hx)

Lab Hx is a report of previous lab test results ordered by the proposed insured's physician.

Examinations

Paramedical Exam requirements should be arranged through one of the authorized exam companies. See page 5 for the list of contact information. For underwriting guidelines on examinations by age and face amounts, please see the charts on page 16 and 17.

APS Ordering Guidelines

F&G will order the APS when the underwriter needs more detailed and technical information regarding an applicant's medical history to accurately assess the mortality risk. For underwriting guidelines on APSs by age and face amounts, please see the charts on page 16 and 17.

Inspection Reports

Inspection reports include telephone interviews and searches on electronic databases. For underwriting guidelines on inspection reports required by age and face amount, see the charts on page 16 and 17. Underwriting may order a phone interview on any application to clarify or verify information obtained from other sources.

Ownership and Beneficiary

The owner of a life policy must have an interest in the continued life of the insured and suffer a financial loss resulting from the untimely death of the insured. It is acceptable to name the spouse, parent, child, sibling or grandparent as beneficiary. When someone else is named beneficiary or any time the owner is other than a Proposed Insured age 18 and older, the agent should submit an explanation with the application.

Business Insurance

When a business is listed as the owner and the beneficiary on the application, provide information regarding the purpose of the coverage, business configuration, financial structure, business valuation and overall make-up of the business seeking coverage. Also, form ADMIN2822 is required for all business cases.

Stranger-Owned Life Insurance (STOLI) contracts will not be issued.

This is a transaction in which a life insurance policy is purchased for the primary purpose of transferring the policy's death benefits to investors who have no insurable interest in the life of the insured.

Cash with Application

F&G allows money to be collected with all applications; however, the Company's liability is limited to \$500,000 subject to the terms of the Conditional Receipt.

Underwriting Guide

An underwriter reviews and assesses all life insurance applications to determine appropriate insurability and rating. A signed HIPAA Form must be submitted with all applications. F&G offers "non-medical" underwriting and "accelerated" underwriting for specific applications, see the below information for parameters of these programs.

Non-Medical Underwriting

- F&G Pathsetter only
- Issue Age: 0-45 only
- Issue Face Amount: \$50,000 - \$149,999

For "non-medical" applications, the following will be ordered by F&G:

- Ages 0-15: MIB, Inc. check
- Ages 16-45:
 - MIB, Inc. check
 - Motor Vehicle Report (MVR) (MVRs ordered beginning at age 16)
 - Pharmacy Database (Rx) check (beginning at age 18)

Paramedical exams, blood tests and fluid collections are not initially required for applications that fall within the "non-medical" limits. However, the underwriter may order these, or other requirements, based on health history or additional factors developed during underwriting.

Additional Non-Medical Considerations:

- The \$149,999 limit applies to total amount in force and applied for within F&G.
- Preferred Rate Classification is not allowed under the Non-Medical limits.
- Applicants who fall within the “non-medical” limits do not have the option to complete the full underwriting requirements in order to have access to Preferred rates.
- Rated offers through Table 8
- Tobacco rates apply to applicants who have used tobacco products in any form, including nicotine substitutes and e-cigarettes, within the past 12 months.

Requirements by age and face amount can be found on pages 16 and 17 of this guide.

Accelerated Underwriting (AU)

- Available on both F&G Pathsetter and F&G Everlast
- Issue age 18-50
- Face amount through \$1,000,000. Minimum face amount based on product and age. See Medical Underwriting Requirements by Age and Face amount charts on pages 16 and 17.
- Completed life application (Part 1 and Part 2)

For any life insurance application within these parameters, the application will be considered for the F&G AU program, FG Life Convenience+ Advantage.

Do not order a paramedical exam, blood profile or home office specimen at the time of application.

Once the completed life application is received, F&G will order and review:

- MIB report
- Prescription Drug History (RX Check)
- Motor Vehicle Report (MVR)
- Credit Based Insurance Score (Cr Info)
- Medical Test Results Database Score (Lab Hx)

Based on these results, as well as the details provided on the application, some applications will be approved by an underwriter without the need for additional underwriting requirements.

The writing agent will receive a communication from the F&G case manager or underwriter following the initial assessment to advise of additional requirements, if needed.

The same criteria used for fully medically underwritten cases will apply to cases eligible for FG Life Convenience+ Advantage, including financial underwriting guidelines, non-working spouse limits, preferred criteria, etc. found within these General Underwriting Guidelines.

Importance of Field Underwriting

Field Underwriting is a vital part of the risk selection process. This is especially true and important in the non-medical amounts where paramedical exam personnel are not seeing the applicant. For all life applications, please ask the applicant all the health questions as worded on our application. Accurately and completely record the answers provided by the applicant on the application. Please provide the name, address and phone of the applicant's personal physician. Any "yes" answer requires details in the detail section. Record the exact impairment, diagnosis date and last seen date, plus the name and address of the physician. For medications, please provide a complete and accurate list of medications the applicant is taking. Please indicate the reason the applicant is taking the medication as some medications can be prescribed for different conditions. Also, provide the dosage and date of last fill.

Time Limit for Completing Underwriting Requirements

F&G will only accept Paramedical Exams from other insurance companies on the following basis:

- The exams must have been performed within 365 days of the F&G application date, and the exam type must be equivalent or greater than the Paramedical Exams as required by F&G guidelines. For more information on the required exam types, please see the Examinations section on page 6.
- HOS/blood will be accepted within 365 days of the F&G date of application.
- Resting EKGs will be accepted up to 365 days from date of the F&G application date.
- Inspection Reports will be accepted up to 365 days from the F&G application date.

F&G will accept exam results, labs, EKGs (resting and stress) and inspection reports from another insurance company as long as they meet F&G's company standards. All of Part II questions must be answered including the Medical History questions on the F&G applications. Any exams that have been reviewed and accepted from other insurance companies will be deemed as an amendment to the F&G application. A new exam or inspection report may be requested by underwriting based on information developed during the underwriting process.

Non-Working Spouse

The maximum amount of coverage available for a non-working spouse is \$1,000,000 per primary insured not to exceed wage earner's inforce coverage amount. If coverage amount sought for non-working spouse is greater than \$1,000,000, underwriting should be consulted for individual consideration.

Juvenile (age 15 days through 17 years)

Juvenile insurance is frequently sold as part of a combined financial plan of savings and insurance. Insurance is purchased on the lives of dependent children in anticipation of future insurance needs, which could include savings, education and/or protection of future insurability. Juvenile insurance should be a part of an overall family insurance program which includes life insurance on the parents and siblings.

Juvenile Underwriting Criteria

- Juveniles can have up to 50% of the amount of coverage their parent has up to a maximum of \$1,000,000 per primary insured. Individual consideration is the basis for amounts over the maximum.
- To avoid delays in the processing of the application, include details about the parents' coverage: life insurance coverage amount and name of carrier. Group insurance through work should not be included.
- All children should be covered for similar amounts.
- An insurable interest must exist between the juvenile and the owner/beneficiary.
- Parents and grandparents have an apparent insurable interest. Any other arrangement must be explained in a cover letter.
- The application must be signed by the owner, the custodial parent if different than the owner, and insured juveniles ages 15-17.

Cover Letters

Though optional, cover letters written by agents are encouraged to accompany the application. They are especially helpful when the amount applied for or ownership and the beneficiary are outside F&G's typical parameters. A strong cover letter can provide the agent with the opportunity to offer any additional information on behalf of the applicant, which could be vital to the underwriter's decision to issue coverage.

What to Include

A cover letter for personal and business insurance should provide a full explanation of the reason for the sale, purpose of the coverage and how the coverage amount was determined along with information about premium and funding sources.

Financial Underwriting

Large Case Applications

A large case is defined as:

- F&G life application for \$2,000,000 or higher in issue face amount
- F&G life application with \$20,000 or greater in planned annual premium

These important applications necessitate some special handling throughout the case management and underwriting process. The Large Case Transmittal Form, ADMIN 5481, is a key component of this process. This form will provide the F&G team critical information about the application. The writing agent needs to complete and sign the form in order for F&G to complete the review process.

In addition, an F&G illustration demonstrating the intended case design is required as part of the review process for large life case applications. If a Statement in Lieu of an illustration is accepted in the state of sale and is used for the application, the full illustration (does not need applicant signature in these instances) will also need to be submitted with the Large Case Transmittal Form in order to complete the review process.

Personal Insurance

The following table can be used as a guide for allowable limits (total line inforce and pending) for income replacement.

Age	Income Factor
20 – 40	30
41 – 50	25
51 – 65	15
66 – 70	10
71 & Up	5

Underwriting Reinsurance and Issue Limits

F&G Retention Limit			
	Issue Age	Rating: Std to 200%	Rating: 225% to 500%
Applies to all fully underwritten products	0-60	\$1,000,000	\$1,000,000
	61+	\$1,000,000	\$1,000,000

F&G Automatic Reinsurance Binding Limit			
	Issue Age	Rating: Std to 200%	Rating: 225% to 500%
Applies to all fully underwritten products	0-60	\$20,000,000	\$12,000,000
	61+	\$16,000,000	\$10,000,000

F&G Jumbo Limit		
	Issue Age	All Ratings
Applies to all fully underwritten products	All Ages	\$30,000,000

Medical Underwriting Guidelines

Preferred Underwriting Criteria

- No ratable conditions
- Preferred may be available for certain aviation and avocation activities at the appropriate flat-extra rating
- No more than one death of a parent or sibling prior to age 60 from cardiovascular disease, breast cancer, colon cancer, melanoma, ovarian cancer, pancreatic or prostate cancer. Family history of breast, ovarian and prostate cancer may be disregarded in applicants of the opposite gender
- No more than two moving motor vehicle violations in the last three years, and no Driving While Intoxicated (DWI) or Driving Under the Influence (DUI) offenses within the last five years
- No tobacco use, including nicotine substitutes and e-cigarettes, within the last 24 months to receive the preferred non-tobacco rates
- No personal history of cancer (except for certain skin cancers), diabetes or heart disease
- No history of alcohol or substance abuse
- Certain impairments may not qualify for preferred status (examples include: psychiatric disorders, diabetes, rheumatoid arthritis and certain respiratory disorders). Other impairments may require additional information before a decision can be made. Please consult with your underwriter if you have any questions.
- Certain characteristics, such as citizenship, residency, foreign travel, military duties, aviation and avocation can affect availability of preferred classes
- The following preferred classes are available: Preferred Nontobacco and Preferred Tobacco

Blood Pressure Limits

	Blood Pressure Untreated ¹	
	Preferred	Standard
Max. for Ages 18-50	150/90	155/95
Max. for Ages 51-65	160/95	160/95
Max. for Ages 66+	160/95	165/95

¹ Treatment being received for high blood pressure conditions may be allowed as long as the current and historical blood pressure averaged over the last two years meets the stated parameters.

Family Medical History Guidelines

	Family History	
	Preferred	Standard
Applicant's Natural birth parents (father & mother) and siblings	One Coronary Artery Disease or Cancer ² death prior to age 60	Not Applicable

² Breast, colon, melanoma, ovarian, pancreatic or prostate. Family history of breast, ovarian and prostate cancer may be disregarded in applicants of the opposite gender.

Cholesterol Limits

	Cholesterol Level	
	Preferred	Standard
Ages 18-50	260	261-300
Ages 51-65	280	281-300
Ages 66+	300	300
Cholesterol Treatment	Yes ³	Yes ¹
Cholesterol/HDL Ratio	7	8

³ Accepted as long as the current and historical cholesterol levels averaged over the last two years meet the parameter.

Tobacco Guidelines

	Tobacco Usage	
	Preferred	Standard
Abstinence Period (yrs) ⁴	2 years ⁴	1 year ⁴

⁴ No use of any tobacco or nicotine-based products and the applicant must not test positive for nicotine in urine or saliva. Nicotine-based products include Nicorette gum, the nicotine patch, etc.

Additional Warning: Tobacco users have demonstrated significantly higher mortality rates based on insurance company statistics. Consequently, F&G will treat misrepresentation of the tobacco use question in the same manner as we would any significant misrepresentation. If misrepresentation is discovered during the contestable period, F&G will seek to rescind the policy and deny the entire death benefit.

Build Chart

Build Chart (Age 16 - 50) ⁵

6'9"	154	433

Juvenile Height/Weight

Assessing the mortality risk for juvenile height and weight is based on percentiles in the growth charts established by the World Health Organization (WHO) — infant through 24 months — and Center for Disease Control (CDC) — 2 years through age 16. Generally, children between the 5th and 104th percentile are eligible for standard consideration. Children greater than 114% are likely to be declined.

Refer to the CDC and WHO websites for growth charts and for a healthy weight calculator.

Medical Underwriting Requirements by Age and Face Amount

Add in any inforce coverage with F&G issued within the last two years and any applications currently in a pending status to determine the amount of coverage to use in the charts below. In addition to the requirements listed in the charts:

- MIB is ordered on all proposed insureds. MVR required beginning at age 16
- AU review for FG Life Convenience+ Advantage: agent will receive a communication from the F&G case manager if additional underwriting requirements are needed
- Telephone Interview required beginning at \$2,000,000 of face amount
- APS required at age 0-17 over \$500,000; 18-40 over \$3,000,000; 41-60 over \$2,000,000, age 61-69 over \$1,000,000; age 70 and up all amounts
- F&G New Business orders the APS in all situations
- Underwriting reserves the right to request additional requirements necessary to properly appraise the risk

Foreign National and Residency Guidelines

Below are the guidelines for applications received on individuals who are not US citizens and are living in the US either on a part-time or full-time basis.

The specific guidelines regarding rate class, coverage amounts, etc. are noted under each category.

Accelerated Death Benefit for Critical Illness, Chronic Illness and Terminal Illness are available through Table D, subject to state specific regulation. Spouse Term Rider, Primary Insured Level Term Rider, Children’s Term Rider, Waiver of Monthly Deduction Rider, and Waiver of Specified Premium Rider are also available, subject to underwriting. Accidental Death Benefit Rider is available to Class A and B countries if there is no travel to hazardous areas in that country.

All Categories must also comply with the following requirements:

- a. Application must be taken and medical requirements must be completed in the U.S.
- b. APSs and other underwriting information must be in English. Translation cost is paid for by the applicant or the agent.
- c. Funds must be from a U.S. financial institution and in U.S. dollars.
- d. Proposed Insured and Owner must have a physical U.S. address.
- e. Dependents seeking coverage must reside in the US or Puerto Rico on a permanent basis.

At the underwriter’s discretion, documentation of residency, finances or identity may be required.

Category 1

	Category	Tax ID	Proof of Identity	Requirements: Life
1	US Citizens & Lawful Permanent Residents (PR/green card holders)	SSN	In accordance with Life and Annuity application	Must have resided in US a minimum of 6 consecutive months

- Normal underwriting requirements
- Category 1 has no issue limits due to residency status. Normal product limits apply.
- Preferred rates available based on Product Guidelines

Category 2

	Category	Tax ID	Proof of Identity	Requirements: Life
2	Non-US citizens and/or Non-PRs residing in US on a full-time basis	SSN or ITIN. W8-BEN form required if no SSN or ITIN	Copy of unexpired Foreign Passport or unexpired photo government ID: Driver's License or State ID required with application as proof of identity	<p>Nonimmigrant visas: H1B, H2A, H2B, L1 and L2. Immigration visas: K1, K3, E1, E2, E3.</p> <ul style="list-style-type: none"> • Other visa types not accepted. • Must have resided in US 6 consecutive months in the past year and plan to stay in US permanently. <p>-----</p> <p>Others with no or expired visa, individual consideration.</p> <ul style="list-style-type: none"> • Must have resided in US a minimum of 12 consecutive months in the past year and plan to stay in US permanently. This time frame may vary depending on home country and reason for entry to US. • Must provide documentation of SSN or ITIN. If there is no SSN or ITIN, must send in a completed W8-BEN form. • Must be employed by an established US business or dependent of an individual employed by an established US business.

- Citizenship Questionnaire required
- Travel Questionnaire required if travel outside of US in previous 2 years or anticipated in next 2 years
- Underwriting may run Identification Validation data base searches and may request additional documentation to verify that criteria is met
- Normal underwriting requirements
- Accidental Death Benefit rider is individual consideration for C – E countries
- Preferred consideration only for individuals with acceptable visas listed above and if home country is A or B
- Max coverage for individuals with expired or no visa is \$1,000,000
- Coverage amounts \$2,000,000 and higher are submitted to reinsurance on a facultative basis
- Expired visa of a type not in the acceptable visa list above are usually declined - consult with Chief Underwriter

Category 3

Category	Tax ID	Proof of Identity	Requirements: Life
3 Non-US Citizens and/or Non- PRs who reside part-time in the US	SSN or ITIN or W-8BEN	Copy of unexpired Foreign Passport required as proof of identity	<p>Must have investment/banking relationship in US; AND Must reside in the US on a cumulative basis for a minimum of 4 months annually. This time frame may vary depending on home country and residence within that country; AND either Must own real property; OR Own a US based business or is a partner in a US based business that has been established for a minimum of 12 months; OR Be employed by a US-based company</p> <p>----- Occupations not accepted include: Arms dealers Aviation Bodyguards Celebrities Diplomats Foreign aid/relief workers Government leaders Journalists Judicial personnel Military personnel Missionaries Police Force Politicians Professional athletes Public figures Security personnel Trade union officials</p>

- Citizenship Questionnaire required
- Foreign Travel Questionnaire required
- Underwriting may run Identification Validation data base searches and may request additional documentation to verify that criteria is met
- Risk above table D 200% will be declined
- Preferred class available to Class A countries and B countries if there is no travel to hazardous areas in that country
- Accelerated Death Benefit IS NOT AVAILABLE to Class C - E countries
- Class C and D countries are individual consideration
- Class E countries are usually declined
- Coverage amounts \$2,000,000 and higher are submitted to reinsurance on a facultative basis
- Real property is land, and anything growing on, affixed to, or built upon it, including buildings; it is property that does not move

Country List:

Countries are grouped into categories (cat.) based on risk: **A** (least risky) to **E** (most risky). Risk is assigned based on political, socio-economic, environmental, health (disease, pandemics and epidemics) and other factors.

All countries are subject to reclassification at any time at the discretion of F&G.

Country List:

Countries are grouped into categories (cat.) based on risk: **A** (least risky) to **E** (most risky). Risk is assigned based on political, socio-economic, environmental, health (disease, pandemics and epidemics) and other factors.

All countries are subject to reclassification at any time at the discretion of F&G.

Risk Assessment Pre-Application Submission

F&G underwriters offer risk assessments during normal business hours. You will be asked to provide as much detailed information as you can about the client's condition, and the underwriter will determine a tentative, non-binding risk class rating based on the information you provide.

If you would like to discuss the underwriting for a potential client, contact our life new business team at 800.445.6758, option 2 then option 1, and request a risk assessment.

Contact us at life.sales@fglife.com with any questions.

Form Numbers: ICC19-2003 (1-19), LPI-2003 (1-19), ICC19-2003 (1-19) P, LPI-2003 (1-19) P, et al.

Issuance of the life insurance depends upon answers given to questions stated in the application and information gathered during the underwriting process.

"F&G" is the marketing name for Fidelity & Guaranty Life Insurance Company issuing insurance in the United States outside of New York. Life insurance and annuities issued by Fidelity & Guaranty Life Insurance Company, Des Moines, IA.

For producers only. Not for use with the general public.
