- **Preserve your savings**
with indexed growth potential
and no downside market risk
- **Help meet expenses** with access
for qualifying health conditions
and limited partial withdrawals
- **Leave a financial legacy**
with a death benefit for
peace of mind

FG AccumulatorPlus 7, a flexible premium, deferred, fixed indexed annuity.

Who is F&G?

Since 1959, F&G has been the silent, unseen enabler of the hopes and dreams of millions of Americans.

Today, we provide annuities and life insurance for over 700,000 people across the United States.

The people who hold our policies were introduced to us by someone they know — their financial or insurance professional. We collaborate with them to be partners in prosperity with you and the people you care about most.

Working together we become something greater; we become agents of possibility, agents of empowerment, agents of stability and security in a volatile world.

We work together, think together, succeed together.
We collaborate to help you prosper.

What is an annuity?

An annuity is a long-term retirement tool that can be a cornerstone of your financial security and success.

You pay a premium (think of it as your principal) to F&G, and F&G provides an annuity contract with unique benefits to you.

An annuity protects and potentially builds your savings, with the option of converting them into scheduled income payments for retirement.

If you're interested in an opportunity to grow your savings based on a market index — without the risk of actually participating in the market — a **FIXED INDEXED ANNUITY** may be a good choice for you.

This quick reference guide is intended to provide a helpful overview of FG AccumulatorPlus 7. It is coupled with the Statement of Understanding (which will be referred to as the SOU) that explains this annuity in detail. The SOU contains product information that is important and specific to you, to give you an understanding of this annuity. If you decide to complete an application, your financial or insurance professional will ask you to sign an acknowledgment to confirm you've received and read the SOU. In the event of any conflict between this guide and the SOU, the SOU prevails.

Your financial or insurance professional is able to explain the benefits and restrictions that apply in your state.

Read on and learn how FG AccumulatorPlus 7 can play an important part in your financial security.

Is FG AccumulatorPlus 7 a good option for you?

AccumulatorPlus 7 protects your savings from market risks while potentially giving you market-based growth with tax-deferred earnings. It is a long-term retirement planning product with these important features:

- You can choose from several interest crediting options for earning interest on your premium: one fixed interest option (with a guaranteed rate) and additional options tied to market indexes.
- Any growth of your savings is tax-deferred (you pay taxes only when you make withdrawals or receive income in the future).
- You'll have full access to your account for unexpected health care costs, namely qualifying nursing or home health care, or in the event of terminal illness. This benefit applies to conditions that arise one year or more after the contract begins but is subject to state variations.
- From day one you have a death benefit for peace of mind.
- You may withdraw your money at any time. Withdrawals in year one, or withdrawals in years 2-7 of over 10% of your account value, will incur withdrawal charges.

GROWTH POTENTIAL

At any time before maturity, you may add more premium to your account value. Growth in your account value is tax-deferred.

Your choice for tax-deferred growth

You choose any combination of these potential interest earning options:

- A fixed interest option (we set the rate annually; it's guaranteed not to be below 1%)
- Several interest crediting options tied to **market indexes:**
 - Barclays Trailblazer Sectors 5 Index
 - S&P 500® Index

Each index option is subject to caps, participation rates and/or spreads. The index options are linked to a market index, but you are not investing directly in the stock market or any index. We protect you from downside risk, and you are guaranteed not to lose money due to market declines.

Each index option is available with or without a rider charge. Index options with a rider charge may provide higher caps, participation rates and declared rates, or lower spreads than options without a rider charge.

At the end of each crediting period, any gains are locked in.

Not all the index options may be available in all states, so please check with your financial or insurance professional.

KEY BENEFITS...

Access for unexpected health care costs

If you need home health or nursing home care, or in the event of terminal illness, you may access your total account value with no surrender charges or Market Value Adjustment (MVA). The diagnosis of terminal illness, or the beginning of home health or nursing home care, must occur at least one year after the contract is issued. These are defined conditions, and this benefit may vary from state to state.

Death benefit

Your account value is paid as a lump sum death benefit.

...AND PEACE OF MIND

Ability to withdraw

See the SOU for details on surrender charges and MVA.

You may withdraw your money at any time. We know you may have unexpected opportunities or expenses. You'll have penalty-free access to 10% of the total account value in years 2-7. Any other withdrawals will incur withdrawal charges. These consist of surrender charges and MVA.

The surrender charge in contract year one is 9% of the withdrawal, and this percentage decreases over 7 years.

What is a Required Minimum Distribution? An RMD is the amount that qualified plan participants must begin withdrawing at age 72. RMDs are required in order to avoid a penalty from the IRS and will be taxed as regular income. If you need to withdraw above the annual penalty free withdrawal amount for the purpose of an RMD, F&G will waive any surrender charges and market value adjustments.

What is a Market Value Adjustment? Any time a withdrawal incurs a surrender charge, an MVA will be made. The MVA is based on a formula that takes into account changes in the rates since the contract was issued. Generally, if rates have risen, the MVA will decrease the surrender value; if they have fallen, the MVA will increase the surrender value.

The MVA does not apply in AK, AL, CT, ID, IL, MN, MO, MT, MS, OR, PA, PR and WA.

Annuitization

You don't have to worry about outliving your assets — you can turn your annuity into scheduled payments for life on its maturity date. The maturity date of your FG AccumulatorPlus 7 annuity is set when it is issued.

TAX INFORMATION

The annuity is tax-deferred which means you don't pay taxes on the interest as it's earned, only when you withdraw it

Tax deferral may not be available if the annuity owner is an entity such as a business.

Withdrawals are treated as coming from earnings first (taxable) and then as a return of your premium. If you withdraw money before age 59 ½, you may also pay a 10% penalty to the IRS.

Please keep in mind that buying an annuity in an IRA or other tax-qualified retirement account offers no additional tax benefit, since the retirement account is already tax-deferred. If your annuity contract is within a tax-qualified plan, you may be required to take minimum distributions beginning at age 72.

You may exchange one tax-deferred annuity for another without paying tax on the earnings when you make the exchange. Before you do, compare the benefits, features and costs of the two annuities. You may pay a surrender charge on the annuity you are exchanging, and you may start a new surrender charge period with the new annuity.

F&G does not offer tax or legal advice. Consult a tax professional regarding your specific situation.

This document is not a legal contract. For the exact terms and conditions, refer to the annuity contract, which is issued by Fidelity & Guaranty Life Insurance Company, Des Moines, IA.

“F&G” is the marketing name for Fidelity & Guaranty Life Insurance Company issuing insurance in the United States outside of New York. Life insurance and annuities issued by Fidelity & Guaranty Life Insurance Company, Des Moines, IA. Information provided regarding tax or estate planning should not be considered tax or legal advice. Consult your own tax professional or attorney regarding your unique situation.

Fidelity & Guaranty Life Insurance Company offers a diverse portfolio of fixed and fixed indexed deferred annuities, immediate annuities and optional additional features. Annuities are long-term vehicles to help with retirement income needs. Before purchasing, consider your financial situation and alternatives available to you. This product is a deferred, fixed indexed annuity that provides a minimum guaranteed surrender value. You should understand how the minimum guaranteed surrender value is determined before purchasing an annuity contract.

Even though contract values may be affected by external indexes, the annuity is not an investment in the stock market and does not participate in any stock, bond or equity investments. Indexed interest rates are subject to caps, participation rates and/or spreads, which may change at the discretion of F&G.

Interest rates are subject to change.

The provisions, riders and optional additional features of this product have limitations and restrictions, may have additional charges, and are subject to change. Contracts are subject to state availability, and certain restrictions may apply. See the SOU for details.

F&G may change your annuity contract from time to time, to follow federal and state laws and regulations. If this happens, we'll tell you about the changes in writing.

This product is offered on a group or individual basis, subject to state approval. For group contracts, the group certificate and master contract provide the

terms and conditions, which are subject to the laws of the issuing state.

Surrender charges and MVA may apply to withdrawals. An MVA may increase or decrease the surrender value. Withdrawals may be taxable and may be subject to penalties prior to age 59 ½. Withdrawals will reduce the available death benefit.

It is important to note that when the declared participation rate is greater than 100% and the index change percentage at the end of the index term period is 0 or negative, no index interest credits will be applied to the account value. Please see the SOU for a detailed explanation.

No bank guarantee.

Not FDIC/NCUA/NCUSIF insured.

May lose value if surrendered early.

Your annuity values are guaranteed by Fidelity & Guaranty Life Insurance Company, Des Moines, IA.

F&G offers our series of focused life insurance and annuity products through a network of independent marketing organizations (IMOs) and financial or insurance professionals. We pay the IMO, financial or insurance professional, or firm for selling the annuity to you, and factor that into our contract pricing. Their compensation isn't deducted from your premium.

Insurance products are offered through Fidelity & Guaranty Life Insurance Company in every state, other than New York, as well as the District of Columbia and Puerto Rico. In New York,

products are offered through a wholly owned subsidiary, Fidelity & Guaranty Life Insurance Company of New York. Each company is solely responsible for its contractual obligations.

As a legal reserve company, we're required by state regulation to maintain reserves equal to or greater than guaranteed surrender values.

Ask your financial or insurance professional today about F&G and let's get to work ensuring you have a bright tomorrow.
